

# ANTIFEN 1 COMPLETE

## Food for Special Medical Purposes

Suitable for dietary management of subjects affected by phenylketonuria and hyperphenylalaninemia  
**FROM BIRTH**

Net weight: 350 g

Food for special medical purposes with sugars

**INGREDIENTS:** Corn maltodextrin, vegetable oils (sunflower oil, coconut oil, rapeseed oil, corn oil, palm oil), galacto-oligosaccharides (milk), sucrose, calcium glycerophosphate, L-leucine, L-tyrosine, L-aspartic acid, L-glycine, L-lysine hydrochloride, L-glutamine, L-proline, L-valine, L-arginine, L-threonine, L-isoleucine, emulsifier: emulsifier mono- and diglycerides of fatty acids E471, sunflower lecithin E322; potassium citrate, L-serine, L-alanine, L-histidine, fructo-oligosaccharides, sodium chloride, choline bitartrate, calcium citrate, potassium chloride, magnesium citrate, L-methionine, L-tryptophan, mortierella alpina oil (arachidonic acid), oil from algae Schizochytrium sp. (docosahexaenoic acid), L-cystine, vitamin C (ascorbic acid), L-taurine, ferrous bisglycinate, inositol, vitamin E (DL-alpha-tocopherol acetate), L-carnitine L-tartrate, zinc chloride, niacin (nicotinamide), pantothenic acid (calcium D-pantothenate), vitamin D (cholecalciferol), cupric gluconate, vitamin A (retinol acetate), manganese gluconate, vitamin K (phyllloquinone), vitamin B2 (riboflavin), vitamin B6 (pyridoxine hydrochloride), vitamin B1 (thiamine hydrochloride), sodium molybdate, potassium iodide, chromium picolinate, folic acid, D-biotin, sodium selenite, vitamin B12 (cyanocobalamin).

**INDICATION:** Suitable for dietary management of subjects affected by phenylketonuria and hyperphenylalaninemia from birth. Amino acid based powdered phenylalanine free formula containing other essential and non-essential amino acids, carbohydrate, fat, vitamins, minerals, trace elements, arachidonic acid (ARA) and docosahexaenoic acid (DHA).

**IMPORTANT NOTICE:** The product must be prescribed and used under medical control, and it is suitable from birth. Not suitable for use as the sole source of nutrition and it is not suitable for parenteral use. Must only be consumed by individuals with proven PKU in conjunction with breast milk or infant formula to provide the phenylalanine. Keep out of reach of children. Do not take/administer in case of allergy and/or known or presumed intolerance to one or more of the ingredients.

**DOSE AND INSTRUCTION FOR USE:** The daily dose of the product must be determined by the physician based on age, body weight and individual tolerance to phenylalanine. The standard dilution is 13% (13 g of powder made up to a final volume of 100 ml with water). The standard dilution is made by adding 1 level scoop of ANTIFEN 1 COMPLETE to 30 ml of water. 1 measuring cup of 10 ml = 4.3 g of powder.

**STORAGE:** Store in a cool dry place far from light and moisture. The expiry date refers to the unopened product, correctly stored. Once opened, use within 3 weeks.
