

GLYTACTIN[™] BUILD CHOCOLATE

FLAVOUR

Food for special medical purposes (FSMP)
For the dietary management of Phenylketonuria (PKU) and hyperphenylalaninemia (HPA)
FROM 3 YEARS

NET WT: 640 g

Food for special medical purposes (FSMP). With sweetener.

Protein Powder with Vitamins and Minerals

5 mg Phe per 5 g Protein Equivalent

INGREDIENTS: Glycomacropeptide (milk), L-arginine, L-leucine, L-tyrosine, sunflower oil, anti-foaming agent (soy lecithin), glycine, L-lysine acetate, natural flavours, contains less than 2% of L-histidine, L-tryptophan, DHA algal oil (derived from microalgae Schizochytrium sp.), maltodextrin, food starch modified, inulin, thickeners (guar gum, xanthan gum, carrageenan), salt, alkalized cocoa, vitamin A palmitate, thiamin mononitrate, riboflavin, pyridoxine hydrochloride, D-calcium pantothenate, niacinamide, phytonadione, menaquinone-MK7, folic acid, biotin, cyanocobalamin, ascorbic acid, cholecalciferol, DL-α-tocopheryl acetate, calcium lactate, potassium phosphate, magnesium phosphate, ferrous fumarate, zinc sulphate, manganese sulphate, copper gluconate, potassium iodide, sodium selenite, sodium molybdate, chromium chloride, potassium chloride, canola oil, sweetener (sucralose), acidulant (citric acid), colour (caramel colour), Bacillus coagulans GBI-30 6086. Contains milk and soy.

INDICATIONS: For the Dietary Management of Phenylketonuria/Hyperphenylalaninemia. GLYTACTIN BUILD is a low-phenylalanine mixture based on glycomacropeptide (GMP), amino acids, vitamins, minerals, trace elements with docosahexaenoic acid (DHA).

IMPORTANT NOTICE: Must be administered under medical supervision only. Not suitable for use as a sole source of nourishment. Protein in prescribed amounts must be supplemented to completely meet phenylalanine requirements. For enteral use only. Not for parenteral use. Suitable for individuals with PKU over 3 years of age.

DIRECTIONS FOR USE: Use as directed by a physician. Must be administered under medical supervision only. Recommended dilution: 1 heaping scoop (approximately 8g powder) mixed with 30mL of water. For best results, weigh powder on a gram scale. Dilution may be adjusted to taste. Mixing recommendation: measure water in container, add prescribed amount of powder, and shake well until fully blended. Once prepared, product can be refrigerated for up to 24 hours. Shake well prior to use. Store pouch in a cool, dry place. Avoid extreme temperatures. Once pouch is opened, reseal.
