

IEM L-CARNITINE POWDER

Food for special medical purposes (FSMP)
FROM BIRTH

NET WT: 75 g (50.4 g L-Carnitine)
Contents of measuring cup: 0.5 g of L-Carnitine
Food for special medical purposes (FSMP).
A powdered L-Carnitine amino acid medical food.

INGREDIENTS: L-Carnitine L-Tartrate.

INDICATIONS:

For use in the dietary management of inborn errors of metabolism, to provide specific amounts of carnitine unable to be achieved by dietary modification alone. Intended for use in infants from birth and in adults.

IMPORTANT NOTICE:

The product must be prescribed and used under medical control and it is intended for subjects aged three or above. It is not suitable for use as the sole source of nutrition and it is not suitable for parenteral use. Keep out of reach of children.

RECOMMENDED DOSAGE:

1 level scoop (= 0.5 g of L-carnitine) mix with 100 ml of water or juice.

DIRECTIONS FOR USE:

To be determined by the clinician or dietitian and is dependent on the age, body weight and medical condition of the patient.

STORAGE:

Store in a cool dry place far from light and moisture. The expiry date refers to the unopened product, correctly stored. **Once opened, use within three months.**
